Unilever Australia and New Zealand (ANZ) has announced its commitment to sourcing 100 percent traceable and certified sustainable palm oil.

From the first quarter of 2015, Unilever's local food factories will begin using traceable and certified (RSPO segregated) palm oil, with the transition expected to be complete by the end of 2015. The announcement comes three years after Unilever ANZ confirmed all of its local palm oil use was covered through Green

Sustainable Palm Oil Sales Surge as Demand Meets Supply

by Leon Kaye on Friday, Aug 29th, 2014

146 Shares and Likes

For 10 years the Roundtable on Sustainable Palm Oil (RSPO) has been on a mission to convert 100 percent of the world's palm oil into a more sustainable and responsible commodity. It has been a long road, in part because of the world's rapidly-growing demand for food and businesses'
